

DEBIX SOM A

DEBIX SOM A i.MX 8M Plus Core Board

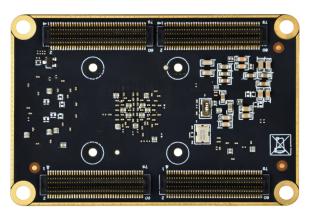

Overview:

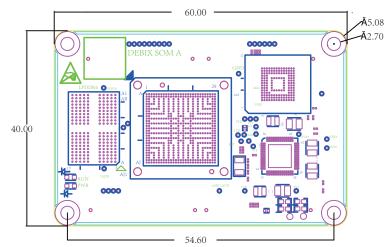

DEBIX SOM A is the first System on Module product of the DEBIX series. As with the DEBIX Model A SBC, it is based on NXP i.MX 8M Plus CPU with a 2.3 TOPS NPU, which brings us the same powerful system performance. This core board design has some notable benefits, such as design reutilization, reduction of development time of the carrier boards, and flexible integration into various embedded systems.

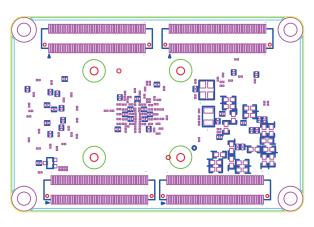

Main Features:

- **Industrial-grade performance:** Designed for demanding applications in Industry 4.0, IoT, smart cities, and multimedia.
- **Comprehensive software support:** Includes Android 11, Yocto-L5.10.72_2.2.0, Ubuntu 22.04, and Windows 10 IoT Enterprise operating systems, along with basic software for fast and direct applications.
- **Real-time control:** Cortex-M7 core for real-time responsiveness, supported by robust control networks like CAN FD and dual Gigabit Ethernets (one with TSN capability).
- · **Advanced vision system:** Dual Image Signal Processors (ISPs) and dual camera inputs for efficient image processing and analysis.
- · **Advanced Multimedia:** 1080p60 video encode/decode (H.265/H.264), 3D/2D graphics acceleration, and multiple audio/voice functionalities.

Specification:

System					
Зузсенн	NIVD: NAV ON Dive (default) Av Coutey AF2 composition on integrated power processing unit				
CPU	XP i.MX 8M Plus (default), 4 x Cortex-A53, comes with an integrated neural processing unit IPU) that delivers up to 2.3 TOPS. Industrial grade CPU runs at 1.6GHz, and commercial grade PU runs at up to 1.8GHz. MX 8M Plus series CPU optional)				
Memory	2GB LPDDR4 (1GB/4GB optional, while 8GB is optional when operating temp. is -20°C to 70°C)				
Flash	Onboard 16GB eMMC (8GB/32GB/64GB/128GB/256GB optional)				
OS	Ubuntu22.04, Android11, Yocto-L5.10.72_2.2.0, Windows 10 IoT Enterprise				
Note: 4GB and 8GB LPDDR4 supports Windows 10 loT Enterprise, recommend 80					
I/O Interface	S Control of the Cont				
Ethernet Display	2 x Gigabit Ethernet controller, one of them supports Time Sensitive Networking (TSN) 1 x HDMI 2.0a, support 3840 x 2160@30Hz, 1920 x 1080@120Hz, 1920 x 1080@ 60Hz 1 x LVDS, support 4Lane and 8Lane 1 x MIPI DSI, support 2560 x 1080@60Hz				
Camera	2 x MIPI CSI				
Audio	Up to $6 \times SAI$ (synchronous audio interface), HiFi4 DSP, $1 \times SPDIF$ IN, $1 \times SPDIF$ OUT (Note: $1 \times SAI$ with $8 \times TX$ and $8 \times TX$ lanes, $1 \times SAI$ with $4 \times TX$ and $4 \times TX$ lanes, $2 \times SAI$ with $2 \times TX$ and $2 \times TX$ lanes, $2 \times SAI$ with $1 \times TX$ and $1 \times TX$ lane, all SAIs support I2S and AC97)				
USB	2 x USB 3.0, configurable as device or host				
UART	Up to 4 x UART				
12C	Up to 6 x I2C, I2C2~I2C6 are exposed to the connectors (2 of the five I2Cs are multiplexed as SD1). I2C1 is not allowed to be configured.				
SDIO	2 x SDIO				
SPI	Up to 3 x ECSPI				
PCle	1 x PCle Gen3				
CAN	2 x CAN				
GPIO	13 x GPIO for default, other functional pins can be configured as GPIO through software				
Power Supply					
Power Input	3.5V~5V/2A				
Operating Te	mperature				
Temp. Range	-20°C~70°C for default, -40°C~85°C optional				
Mechanical					
Connector	4 x Double-sided board-to-board connector (model number BB51024A-R80-10-32), 2 x 40pin/0.5mm pitch, matching sockets of various heights				
Dimension	60mm(L) x 40mm(W) x 5.6mm(H)				

Product Version:

DEBIX SOM A standard version, see the table below for details.

Version	NPU	VPU	ISP	HiFi 4
DEBIX SOM A Standard	1	1	1	1

Certificates:

Safety Instruction and Warnings:

General:

- · Avoid exposure to water, moisture, and conductive surfaces while operating.
- Handle with care to avoid mechanical or electrical damage to the circuit board and connectors.
- Only handle the board by the edges when powered on to minimize the risk of electrostatic discharge damage.

Power:

• Use the product with a carrier board and connect it to a 5V/2A external power supply.

Environment:

- Operate in a well-ventilated environment, even if using a case.
- Place on a stable, flat, non-conductive surface and avoid contact with conductive items.

Connections:

• Use peripherals that comply with relevant standards for the country of use and ensure proper insulation and operation.

Additional notes:

- This summary is not exhaustive, please refer to the full User Manual for details.
- If you are unsure about any aspect of safety or operation, consult a qualified professional.
